

TROPANG KROSANG VILLAGE

SIEM REAP PROVINCE

Touc Asay is a young, energetic teacher in our only project site in Siem Reap province. Asay grew up the (now closed) CfC Children's Home, and was the recipient of a CfC scholarship to study at Bible School. He is now living in Siem Reap and we are so encouraged to see him working to develop his community with us in this way.

Up to 70 children come to Asay's sister's home each day to receive free supplementary lessons in Khmer Literacy, Numeracy, English, Child Protection, Anti-Trafficking and Health & Hygiene.

CfC only started working in Tropang Krosang village in 2019, however with an enthusiastic teacher like Asay, we are pleased to see this project continue to grow. We hope that his example will also inspire others in surrounding villages in Siem Reap province to join with us in impacting the lives of young Cambodians in this way.
