Other jobs: Clothes Seller

In recent years, CFC has been developing a village outreach program. This is designed to promote education in rural Cambodia.

Jamsrey village is one of seven CFC village projects found in Sihanoukville province.

There are 60 children attending this project. They receive supplementary education lessons in Khmer Language, English Language, Child Protection, Anti-Trafficking and Health & Hygiene.

CfC has been working in Jamsrey village since 2009 and in 2015 built a classroom.
